It went well but the process is far from over I'm afraid. Hope to talk soon.

Gina-

I gather that your confirmation hearing went well and I trust you are on your way to a speedy confirmation. Let me know when would be a good time to talk or get together.

-Dan

Subject: Re: Congratulations

Dan - anyone who earns such praise from Dale's gets on my radar screen. I should have my feet more firmly planted in DC within a few weeks and we can talk then. Please email again if you don't hear from me soon after my confirmation hearing. It will be good to meet you.

Subject: Congratulations
Dear Commissioner McCarthy-
Congratulations on you nomination to serve as Assistant Administrator.

I understand that my colleague Dale Bryk has forwarded my resume with some kind words about me. I'm excited by the possibility of joining your team.

I have been deeply involved in advancing the major federal executive and legislative efforts to make progress on global warming, air pollution, and energy for the past eighteen years. My commitment to finding creative, effective solutions has earned the confidence and support of Congressional, business and environmental leaders. I communicate effectively with diverse audiences, including Members of Congress, television viewers, and concerned citizens. As the Obama Administration seeks to make rapid progress on air pollution, climate and energy, I am uniquely positioned to help forge a workable and effective strategy that combines Clean Air Act implementation and new legislation.

I look forward to the opportunity to meet you when you are in Washington.

Sincerely,
Dan Lashof
